REFALDI JULIDINSYAH

Full-Stack Developer | Pekanbaru, Riau, Indonesia | +62 819 0267 3775 | syahrefaldi@gmail.com | linkedin.com/in/refaldijulidinsyah | github.com/rfldisyah | heyfal-dev.vercel.app

PROFESSIONAL SUMMARY

Full-Stack Developer and Informatics Engineering student (GPA 3.91/4.00) focused on building modern web applications with React, TypeScript, Node.js, and Laravel. Experienced in developing responsive user interfaces, integrating frontend applications with REST APIs and MySQL databases, and working in cross-functional teams (Frontend, Backend, Data Science, AI) using Git and GitHub. Completed the Full-Stack Web Developer learning path at Dicoding and committed to clean code and polished, high-performance UI implementation.

TECHNICAL SKILLS

- **Frontend:** React, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Redux, Material-UI (MUI), Framer Motion
- **Backend:** Node.js (Express), PHP, Laravel, RESTful API
- **Database:** MySQL, PostgreSQL
- **Mobile:** React Native (basic)
- **Tools:** Git, GitHub, Docker, Figma (UI/UX), Vercel, Microsoft Office (Word, Excel, PowerPoint)

SOFT SKILLS

Teamwork | Communication | Time Management | Problem Solving | Adaptability and Fast Learning | Leadership | Responsibility | Attention to Detail

PROJECTS

SIPANGAN - Food Security Information System | Frontend Developer (team of 6) | Live Demo | GitHub

- Built the interface of a spatial and AI-based analytics platform that monitors price stability and food commodity security in real time.
- Implemented interactive data visualizations and geospatial mapping with React Leaflet, plus interface animations with Framer Motion.
- Collaborated with Backend, Data Science, and AI Engineers through GitHub on data integration and repository management.
- Technologies: React, Tailwind CSS, MySQL, Framer Motion, React Leaflet.

VibeSense AI - AI-Powered Empathy Digital Diary | Frontend and UI/UX (team of 4) | Live Demo | GitHub

- Designed the UI/UX and developed the interface of a digital journaling platform with daily summaries, a mood tracker, and AI-based personal reflections.
- Worked with the backend team to integrate AI features and the database in a Laravel-based application.
- Technologies: Laravel, PHP Blade, MySQL, Laravel Breeze, AI Integration.

EXPERIENCE

Full-Stack Web Developer Learning Path (Apprenticeship) | Dicoding Indonesia | Remote | Feb 2026 - Jul 2026

- Selected for a competitive full-stack web developer program covering advanced JavaScript, front-end development, UI/UX, and back-end development with databases.
- Built responsive, optimized web applications and studied Web Performance Optimization, Progressive Web Apps (PWA), and Clean Architecture.

Frontend Developer (Hackathon Participant) | IMPHNEN x Kolosal Hackathon | Online | Dec 2025

- Designed a technology solution for local MSMEs under the theme AI Innovation: Driving Local Businesses with Inclusive AI.
- Served as Frontend Developer and managed the team repository and code integration through GitHub.
- Integrated the application interface with a MySQL database alongside the backend team to manage local business data.

Junior Web Developer (Intern) | PT. Assist ID | Pekanbaru, Riau | Jan 2023 - Jun 2023

- Helped build and update modular web application interfaces using React.js and Material-UI (MUI) at a digital healthcare software house.
- Worked with the development team to design and implement new features.
- Managed, verified, and organized healthcare facility and pharmaceutical data in Microsoft Excel for system integration.

EDUCATION

Lancang Kuning University | Bachelor of Computer Science, Informatics Engineering | 2024 - Present | GPA 3.91/4.00

- Focus on full-stack web development.
- General Secretary of Duck SC; involved in organizing Duckathon, a tech hackathon competition for high school and vocational school students.

SMK Negeri 6 Pekanbaru (Vocational High School) | Software Engineering | 2021 - 2024 | Final Score 94.29

CERTIFICATIONS

- Learning the Fundamentals of Web Applications with React - Dicoding Academy (Apr 2026)
- Learning to Build Web Applications with React - Dicoding Academy (Apr 2026)
- Learning the Fundamentals of Back-End Development with JavaScript - Dicoding Academy (May 2026)
- Learning Back-End Development for Beginners with JavaScript - Dicoding Academy (May 2026)
- Learning to Build Front-End Web Applications for Beginners - Dicoding Academy (Apr 2026)
- Learning the Basics of JavaScript Programming - Dicoding Academy (Mar 2026)
- Learning Cloud Basics and Gen AI on AWS - Dicoding Academy (Feb 2026)
- Introduction to Programming Logic (Programming Logic 101) - Dicoding Academy (Feb 2026)
- Database Programming with PL/SQL - Oracle Academy (Nov 2023)

ORGANIZATIONAL EXPERIENCE

General Secretary | Duck SC, Lancang Kuning University | Nov 2026 - Present

- Manage organizational administration, including correspondence, documentation, and meeting minutes.
- Coordinate communication between divisions and board members to keep programs on schedule.
- Involved in organizing Duckathon, a tech hackathon competition for high school and vocational school students.

Member, Marawis (Islamic Percussion Group) | 2023 - Present

- 2nd Place, Marawis Competition, Riau Gebyar Shalawat (Jan 2024)

Member, Rohis (Islamic Student Organization) and English Club | 2021 - 2022
